Subject: Microsoft Settlement

To Whom it May Concern:

I'd like to take just a moment to express my opinion on the Microsoft persecution. I absolutely, 100%, completely, thoroughly believe that the DOJ's pursuit of Microsoft is totally responsible for the "tech stock meltdown" of the last roughly two years. The amount of wealth lost by the average American investor, of which I am one, dwarfs even that of Mr Gates, the intended target.

As such, I believe that a hasty settlement coupled with a sincere apology directed to Microsoft, its stockholders and to the average American investor is certainly in order.
